Quality Pool Fund Allocation: Jennifer/Sam

Jennifer and Sam discussed the Quality Metrics program funds from OHA that were released three months early to help with COVID crisis. Utilization is down due to PCP's and other providers not seeing as many patients for routine appointments. We are focusing on providing assistance to Primary Care, Behavioral Health and Substance Use Disorder programs that will need assistance due to loss of profits.

COVID-19 Emergency Funding: Sam

JCC convened an Emergency Funding Committee to help prioritize our efforts. There is a limited bucket of funding and we are looking at how we can make the biggest impact. Beginning next week CAC will old a weekly call for CAC Members to discuss where the current needs are and to bring information or concerns to the table.

Word on the Street:

CAC Members brought a lot of good information and questions were asked throughout the call. CAC members were encouraged to contact Nancy if they have anything that did not get shared or any additional questions.
