

Authorization Policy — Injectable Drugs For Bleeding And Clotting Disorders

OHP Members and CareOregon Advantage Plus Members

Revised April 1, 2022

Instructions For Use

1. CareOregon has a preferred **specialty vendor** for drugs needed to treat bleeding and clotting disorders; the Oregon Hemophilia Treatment Center (OHTC) which is located at the Oregon Health and Sciences University (OHSU) Child Development and Rehabilitation Center (CDRC) in Portland, Oregon.
2. **Drugs on the list below do NOT require a prior authorization but MUST be obtained through OHTC in order to be covered (paid).** For information on how to obtain the drug from OHTC please contact them at 503-494-8716 or 800-452-3563.

Drugs needing to be obtained from OHTC are shown on the following pages.

HCPCS Code	Generic Name	Brand Name(s)
J7185, J7182	Antihemophilic factos	Factor VIII-VariouS
J7190	Antihemophilic factos	Factor VIII-VariouS
J7191	Antihemophilic factos	Factor VIII-VariouS
J7192	Antihemophilic factos	Factor VIII-VariouS
J7198	Anti-inhibitor coagulant complex	Autoplex T, Feiba VH Immuno
J0365	Aprotinin	Trasylol
J7189	Factor VIIa	Novoseven
J7193	Factor IX	"Benefix, Konyne 80, Mononine, Profilinine SD, Bebulin VH Immuno, Alphanine"
J7194	Factor IX	Benefix, Konyne 80, Mononine, Profilinine SD, Bebulin VH Immuno, Alphanine
J7195	Factor IX	"Benefix, Konyne 80, Mononine, Profilinine SD, Bebulin VH Immuno, Alphanine, Xinity"
J7180	Factor XIII	Corifact
J7205	"Factor VIII, Fc fusion protein, (recombinant), per IU"	Eloctate
J7181	Factor XIII A-subunit, recombinant	Tretten
J7186	Antihemophilic factor VII/von Willebrand factor complex	Alphanate
J7187	von Willebrand factor complex	Humate-P
C9267	von Willebrand Factor/Coagulation Factor VIII Complex	Wilate
J7183, J7184	von Willebrand Factor/Coagulation Factor VIII Complex	Wilate
J7200	Factor IX Rixubis	Rixubis
J7201	"Factor IX, FC fusion protein (recombinant), per IU"	Alprolix

HCPCS Code	Generic Name	Brand Name(s)
J7188	"Factor VIII (antihemophilic factor, recombinant)"	Obizur
J7209	Antihemophilic factor VIII, recombinant	Nuwiq
J7207	"Antihemophilic factor (recombinant), PEGylated"	Adynovate
J7175	Coagulation Factor X (Human)	Coagadex
J7202	"Factor IX, albumin fusion protein (recombinant), Idelvion, 1 IU"	Idelvion
J7179	Von Willebrand Factor (Recombinant)	Vonvendi
J7210	"Antihemophilic Factor (Recombinant), Single Chain"	Afstyla
J7211	"Factor VIII (Antihemophilic factor, recombinant)"	Kovaltry
J7170	Emicizumab-kxwh	Hemlibra
J7203	Injection, Factor IX (antihemophilic factor, recombinant), glycopegylated, Rebinyn, 1 IU	Rebinyn
J7208	Factor VIII, recombinant human pegylated	Jivi
J7204	Factor VIII, recombinant human pegylated	Esperoct
J7177	"Fibrinogen, concentrate from human plasma"	Fibryga
J7212	Factor VIIa (antihemophilic factor, recombinant)-jncw	Sevenfact
