

Attestation for Supporting Health for All through Reinvestment (SHARE) Spending Plan

☐ Initial submission☒ Updated submission due to
change(s) in SHARE investmentsContract Year: **2025**Coordinated Care Organization (CCO): **JCC**Medicaid Contract Number (6 digits only): **161761-6**

The CCO named above is required to submit this Attestation relating to SHARE under the 2025 Medicaid and Non-Medicaid Contracts it has entered into with the Oregon Health Authority (OHA).

Capitalized terms not defined in this Attestation have the meanings assigned to them in the 2025 Medicaid and Non-Medicaid Contracts. The CCO is required to submit this Attestation pursuant to the OHA memo dated [October 1, 2025](#).

By signing this Attestation, I, the undersigned, hereby attest to the following:

- a. I have authority, in accordance with Section 4.1.1 in the General Provisions of the 2025 Medicaid Contract (which is incorporated by reference in the 2025 Non-Medicaid Contract), to make this Attestation on behalf of the CCO named above with respect to the 2025 Medicaid and Non-Medicaid Contracts.
- b. To the best of my knowledge:
 - The portion of the CCO's previous contract year's net income realized under both the 2024 Medicaid and Non-Medicaid Contracts or reserves spent on SHARE equals or exceeds the SHARE Obligation amount calculated in Exhibit L, Report L6.7 (cell G38), in accordance with OAR 410-141-3735 and CCO financial solvency regulations in OAR 410-141-5000 *et seq* and ORS 414.572.
 - The CCO's SHARE spending meets OHA's definition of SDOH-E and addresses one or more of the following domains: economic stability, neighborhood and built environment, education, social and community health, and health care access and quality. The spending meets the SHARE eligibility requirements. See examples and exclusions in the [SHARE Guidance Document](#).

- The CCO has allocated a portion of SHARE expenditures to support the OHA-designated statewide priority of housing.
 - The CCO's expenditures made under SHARE are based on shared priorities from the Community Health Improvement Plan(s) in the CCO's Service Area.
 - The CCO's Community Advisory Council has a decision-making role in SHARE spending.
 - The CCO has allocated a portion of SHARE expenditures directly to SDOH-E Partners for the delivery of services or programs, policy or systems change, or both, to address SDOH-E.
 - The CCO has, or will have prior to disbursing funds to the SDOH-E Partner, a contract, Memorandum of Understanding, or other form of agreement with each SDOH-E Partner.
 - If any agreement with an SDOH-E Partner is a Subcontract, then the CCO has included it in the CCO's Subcontractor and Delegated Work Report and submitted such Report to OHA in accordance with the requirements specified in the CCO Contract.
 - The CCO will publicly post information about its 2025 SHARE spending to its own website by June 30, 2026.
- c. The CCO has identified how it will spend its current year's SHARE Designation, either by completing pages 3-4 of this Attestation or by submitting a separate document with this Attestation that provides the same information as that requested on pages 3-4.

CCO

CY 2025 SHARE Investments

☐ Initial submission

☒ Updated submission due to change(s) in SHARE investments, with change(s) clearly indicated below

CCO:

JCC

SHARE Designation:

\$550,000

Meets or exceeds Exhibit L 6.7, cell G40

PART 1

Instructions: Use the table below (or a separate document) to briefly identify how the CCO will spend its SHARE funds. The following are examples of responses for column D:

- Refrigerated food truck, kitchen renovation, food supplies
- FTE for two program coordinators, client transportation, class materials
- Land acquisition for affordable housing, site development
- Accessibility modifications
- Health care interpreter training and certification

A. Dollar amount	B. Partner name	C. Project title	D. List of items, activities or services being funded with SHARE
\$100,000	Rogue Retreat	Medical Respite	Funds will support medical respite services delivered by Rogue Retreat. This program provides short-term recuperative housing, housing case management, and two meals per day for members recently discharged from the hospital who no longer require inpatient care but are unable to safely return to their prior living environment. This investment addresses social determinants of

			health, particularly housing stability, health care access and quality, and social and community support, while reducing avoidable readmissions and supporting improved recovery outcomes. This funding strengthens a critical community partner and aligns with JCC's regional Community Health Improvement Plan priorities related to housing and access to care.
\$100,000	Rogue Retreat	Mary's Haven	Funds will support reducing the outstanding mortgage on the Haven House property operated by Rogue Retreat. This program, initially launched with SHARE funding from AllCare Health, provides recovery-focused housing for men while supporting the ability to remain with their children, one of the only models of its kind in Southern Oregon. By paying down a portion of the property debt, this investment enhances the organization's long-term sustainability, reduces ongoing operating costs, and strengthens its capacity to maintain and expand safe, stable recovery housing. This aligns with SHARE's focus on upstream

			investments in social determinants of health, particularly housing stability and family well-being, and supports priority areas identified in JCC's regional Community Health Improvement Plan, including housing and behavioral health.
\$38,000	Asante, La Clinica Del Valle, Providence Health and Services, Medford Children's Therapy	Perinatal and early childhood education	Funding will go to four clinic systems to provide perinatal education programming designed to improve maternal and infant health outcomes, increase access to prenatal and postpartum education, and strengthen connections to health care and community resources.
\$162,000	Providence Health and Services, Rogue Community Health, La Clinica, Murphy Creek, Asante,	Autism Assessment Capacity Project	Funding will go to multiple clinics to support nine providers to participate in an autism assessment capacity initiative. Providers will conduct autism diagnostic assessments and support related non-billable diagnostic activities necessary to complete comprehensive autism evaluations and improve timely identification of autism spectrum disorder.
\$25,000	Providence Health	Care and Connect: Mobile Dental Van Collaboration	• Non billable Mobile dental services including exams, x-rays, extractions, and restorative care

A. Dollar amount	B. Partner name	C. Project title	D. List of items, activities or services being funded with SHARE
			• Preventive health screenings including blood pressure and diabetes testing • Health education on oral health, chronic disease, and wellness • Distribution of harm reduction supplies, including Naloxone and hygiene items • Care coordination and referrals to dental homes, primary care, and ongoing services
\$25,000	La Clinica del Valle	Mobile Health Outreach Services	• Community-based mobile medical and behavioral health outreach • Social determinants of health screenings • Care coordination and referral to housing, food, transportation, and insurance resources • Community health worker outreach in high-need and underserved locations
\$12,000	Continuum Behavioral Health	Transportation for Emergency Lodging Clients	• Purchase of a vehicle to transport clients to healthcare and treatment services • Transportation to pharmacies, primary care, and behavioral health providers • Removal of transportation barriers for individuals experiencing homelessness

A. Dollar amount	B. Partner name	C. Project title	D. List of items, activities or services being funded with SHARE
\$13,000	Golden Rule ReEntry	Women's Transitional Housing Renovation	• Plumbing and electrical upgrades to support safe and code-compliant housing • Development of transitional housing for formerly incarcerated women • Increased access to stable housing paired with peer support and reentry services
\$10,000	Habitat for Humanity	Accessibility Ramp Program	• Construction of accessibility ramps for low-income households • Materials and installation to improve safe home entry and mobility • Prevention of injury and support for aging in place
\$10,000	Pink Lemonade Project	CHW Breast Cancer Training	• Train community health workers on breast cancer awareness and screening guidelines • Develop and distribute culturally responsive health education materials • Support outreach and education to underserved and rural populations • Increase connections to screening services and healthcare providers
\$10,000	Evans Valley Fire District	Evans Valley Community Resource Center	• Develop a centralized, accessible site for health education and outreach

A. Dollar amount	B. Partner name	C. Project title	D. List of items, activities or services being funded with SHARE
			• Provide community-based programs on emergency preparedness and prevention • Support partnerships with healthcare and social service providers for rural outreach • Increase access to health information, resources, and referrals in a rural community
See supplemental PDF for additional SHARE awardees			

PART 2

Is the CCO using the “set-aside” option for SHARE funds?

MARK ONE: ☐ Yes – Complete the table below

☒ No

Dollar amount being set aside	Percent of obligation	Comments (optional)

Note: If the CCO is using the “carry forward” option, it will be reported in the Attestation for the year to which it is applied.

A. Dollar Amount	B. Partner Name	C. Project Title	D. List of items, activities, or services being funded with SHARE
\$10,000	Song for Charlie	Community Prevention Initiative	• Deliver community-based education on substance use prevention • Host in-person events and screenings for parents and caregivers • Provide culturally responsive outreach, including Spanish-language programming • Distribute prevention education materials and resources
\$7,500	Parker House	Transitional Housing and Support Services	• Provide transitional housing for women and children experiencing homelessness • Deliver case management and individualized goal planning • Facilitate connections to healthcare, childcare, housing, and employment • Offer life skills education and behavioral health support referrals
